Your Travel Plans to Malaysia

(Returning International Students Only)

This message is meant for returning students only.

If you are a new student from any of the 2020 intakes and have yet to report yourself to the International Office, please wait for the subsequent announcements for additional procedures regarding your student visa processes. We will be guiding you through the procedures prior to making travel arrangements to Malaysia. Thank you.

Dear International Students,

We are pleased to inform you that International Students may now apply for permission to return to Malaysia to resume your studies. However, there are some formalities and procedures for you to comply with before making your travel plans to return.

Please read the official updates announced by the Education Malaysia Global Services (EMGS) on Standard Operating Procedures and Travel Authorisation guideline carefully:
