***What are the latest quarantine arrangements?***

As of the 24th of July 2020, the government has made it mandatory for all travellers including international students arriving in Malaysia to undergo a 14-day quarantine period. The quarantine will take place at designated quarantine centres managed exclusively by the National Disaster Management Agency (NADMA) together with the Malaysia Ministry of Health (MOH). This would also mean that the institution of higher learning will no longer be shouldering the task to oversee the quarantine of students and students are not be permitted to observe this period at their own homes.

***What do I have to pay for? How much will the cost be?***

Please refer to Appendix 1 of the EMGS's Update on the Standard Operating Procedures During and After Covid-19 Pandemic Movement Control Order dated 29<sup>th</sup> July 2020.

***Am I required to undergo prearrival COVID-19 test?***

Pre-departure Covid-19 test is no longer required but you will have to undergo a mandatory Covid-19 screening upon arrival in Malaysia. The test will be conducted by Malaysia Ministry of Health. However, please verify with the airline(s) and airport(s) of departure and transit on their requirement for a pre-departure Covid-19 test. If this test is required, you will arrange for this to be completed.
